

## 2019-10 Fall Chorus Concert Music Replacement Order Form

Our music is meant to be used again by future chorus members. If your child was issued a “real copy” of a piece instead of a photocopy, then instead of returning that copy, you may elect to purchase a clean, new copy for the choral department to use in the future. Replacement copies are only a few dollars each. It’s totally worth it to not have worry about erasing markings and keeping a copy in mint condition. Plus, you get to keep your used copy. Students who lose or damage their copy during the learning process are issued a second copy and are therefore responsible for replacing two copies. So, some students may need to order more than one copy for replacement.

These copies are to the chorus class as textbooks are to other classes. If a student does not return their copy or purchase a replacement by the end of the school year, then report cards will be withheld.

Checks should be made payable to “LMMS PTSA”. You can pay with cash or check in the lobby before and after the concert, or at school by dropping the order form and payment in the school store or in one of the many school deposit boxes in the hallways.

When your order and payment are received, the PTSA will notify Mr. Champion of who has ordered music and the student will no longer be required to return their copy of the music.

Please write the NUMBER OF COPIES on the left and the COST OF THOSE COPIES on the right.
